

## What's Happening June 2020

### Summer On-the-Spot

Writer and nature enthusiast Ralph Waldo Emerson advised, "Adopt the pace of nature: her secret is patience." Gardeners know better than anyone that patience is rewarded. But after these last few months of being stuck at home, our patience has been put to the test and we could all use a little instant gratification! Here at Evergreen Nursery we have some ideas to make your time sheltering at home a little brighter ! And remember – we are very busy on weekends - if you can come in and shop during the week, you will help us help you better!

First, there's always room for annuals. Give your garden beds the pops of color you want right away, without a major time commitment. Choose from summer favorites like [Petunia](#), [Celosia](#), and [Dianthus](#). And don't forget about color bowls and hanging baskets for instant displays of color.

Adding some lush tropical greenery is a great way to bring an instant vacation feel to your yard. Plant palm trees like [Queen Palms](#) or [Pygmy Date Palms](#) and other tropical plants like [Hawaiian Elf Schefflera](#), [Variegated Shell Ginger](#), or [Tasmanian Tree Ferns](#). If you're short on space, a selection of tropical houseplants like [Fiddle Leaf Figs](#), [Dark Wine Ti Plants](#) and [Petra Crotons](#) are great for transforming a balcony or patio.

If it's privacy you want, fast growing vines like [Lavender Trumpet Vines](#), [Star Jasmine](#), and [Bower Vines](#) will quickly cover a wall or fence and create the hideaway you need.

Do you love roses, but can't always give them the attention they need? You can't beat a [Knock Out Rose](#) for a no-fuss rose that offers continuous blooming. Choose from single or double flowering varieties in pink, red, white, and yellow and have more time to sit back and enjoy their beauty!

When it comes to trees, why wait – buy bigger! Now's the time to take advantage of our wholesale pricing and get a big, beautiful boxed tree you can enjoy now. Whether you're looking for a shade tree like a [Magnolia](#), [Crape Myrtle](#), or [Carrotwood](#) tree, or an everbearing citrus tree like a [Pink Lemonade](#) lemon, consider going up a size or two and skip the wait.

Whatever you need to bring some summer joy into your life right now, come on in and let us help you find it! Bring the kids and the dog, we'll be waiting for you right here at Evergreen Nursery.
